

UVH REFERRAL PROCESS

We'd like to share some useful information for you to use when referring clients and patients.

We know how important it is to provide your patients with the care they need. At times, advanced and specialty care needed could be overwhelming for clients. Please feel free to share this information with them when preparing for their visit to UVH.

Emergency Referrals - Upon arrival, a nurse will meet the clients in the parking lot or lobby and another nurse will escort the patient to our treatment room for immediate assessment and any necessary supportive care. An emergency deposit is required at arrival to allow us to begin treatment. The emergency deposit is \$575.00.

Specialty Referrals - We are proud to offer specialty care in Oncology, Ophthalmology, Dermatology, and Rehabilitation. For Oncology and Dermatology, a booking deposit is required. This will be applied toward their visit.

Referral Pricing

Policies and prices subject to change. We will keep you updated.

COVID-19 UPDATE: We are seeing clients inside or curbside, whichever their preference.
