VETERINARY HOSPITAL  
*General & Specialty Care*

# MEDICAL SUPERVISED STAY

**Level 1** is for pets who are stable but require extra supervision during their stay, such as those with chronic diseases or those requiring active assistance due to age or disability. This package includes admin of any medications/injections, stable post operation patients, or patients that are prone to re-injury.

**\$83/** night

**Level 2** is for pets who require medical observation during their stay, may have major wounds/incisions to care for, they may need 1-2 nurses for treatments. This package includes admin of any medications/injections, aid in walking, expression of bladder, baths as needed, and one or more nurses to provide treatments. Partially ambulatory patients are in this level.

**\$100/** night

**Level 3** is for pets who require close medical observation during their stay because their condition is not medically stable. These pets are boarded in a manner that is similar to hospitalization. This package includes admin of any medications/injections, aid in walking, expression of bladder, daily baths, and two or more nurses to provide treatments and therapy. Non ambulatory patients are in this level.

**\$113/** night

## RETHINKING VETERINARY CARE

BECAUSE YOU  
DESERVE NO LESS

As both a veterinary hospital and boarding facility, we are in a unique position to offer specialized boarding to pets with medical needs. All patients have 24 hour nursing care and an assigned doctor. Patients are discussed in morning and evening rounds. We have three levels based on the level of care, number of nurses needed to provide treatments, and medical conditions. Doctors will decide level needed to care for your pets specific needs. Thank you for trusting us while you are away!

\* Must complete online form  
<https://uvhvets.com/patient-forms/>

\* Check in weekdays before 5:00 pm  
and Saturdays before 11:00 am

\* No check ins or check outs on  
Sundays, unless doctor approved
