

For the safety of all pets in our care, Unleashed requires all dogs and cats to be up to date on core vaccinations prior to participating in daycare, boarding, or grooming services. These requirements help protect your pet from preventable illnesses and allow us to maintain a healthy, low-stress environment for everyone. Because pets share spaces, play areas, and common surfaces, proper vaccination is one of the most important ways we keep our facility safe, clean, and enjoyable for all our furry guests.

# DAYCARE JOIN OUR PACK!

Our daycare program is designed to give dogs a safe outlet for play, socialization, and enrichment in a supervised, structured environment. Dogs are placed into appropriate playgroups based on size, temperament, and play style, and are closely monitored by our trained staff throughout the day. Daycare is offered 7 days a week from 8:30 AM to 4:30 PM,

giving your pup a full day of fun, engagement, and care.

All daycare pets must be Spayed/neutered and up to date on unleashed requirements.

### PUPPY PLAY DAYS

We offer Puppy Play Days on Wednesdays and Saturdays for puppies ages 14 weeks to 6 months who have received their second round of puppy vaccinations. These sessions provide a fun, safe opportunity for young pups to enjoy supervised play, build confidence, and gain important social interaction during their early development.

### TEMPERAMENT TESTING - \$46.95

All dogs interested in attending daycare are required to complete a Temperament Test prior to participation. This evaluation helps determine whether your dog is comfortable and successful in a group play environment and will result in a pass or fail outcome. Temperament Tests must be scheduled on Tuesdays, Wednesdays, or Thursdays only. If your pet passes their initial temperament test, they must come at least once every 6 months or an additional temperament test will be required.
